I. EVENT INFORMATION

The Fifth Plenary Assembly of the Global Network on Electoral Justice (GNEJ) will take place October 9–11, 2022, in Denpasar, Bali, Indonesia. In this edition, attendees will discuss the elections that took place in 2022, in the context of the covid-19 pandemic; the disinformation spread by digital media during electoral processes; and useful strategies to consolidate democratic systems and bring electoral justice closer to citizens. In addition, the GNEJ Awards will be presented, and the work of the Global Network’s three observatories—Gender Equality, Judicial Independence, and Social Media—will be examined.

iv. Visa Regulations

We recommend that each participant consult the Indonesian Embassy or Consulate in their country of origin regarding the **requirements to enter** Indonesia, as these may vary depending on the type of passport held by the person traveling.

Diplomatic or service passport holders from a list of 92 countries (full list available at https://docs.google.com/document/d/1bWbp_OePzlpEzL2ojs_QncAlWWIID7s1kEvIEN0c5II/edit) will be able to enter Indonesia and stay for up to 30 days; the passport must be valid for at least six months after entry. However, we suggest that these individuals bring the supporting documents listed after the next paragraph.

Visitors from Spain, Brazil, France, USA, Mexico, and 86 other countries (full list available here: <https://drive.google.com/file/d/1s0TV-qNzDca4eGVFzuR8ePJ1d4nHYeIU/view>), irrespective of

* As of September 21, 2022.

their type of passport, can enter Indonesia with a Visa on Arrival (VoA). To process it, each visitor must present the following upon arrival:

1. Passport (valid for at least six months after entry)
2. Official invitation to the event
3. Return plane ticket
4. Certificate of covid-19 vaccination (see important information in the following section)
5. International health insurance (coverage: USD 25,000) and proof of coverage in Indonesia
6. Payment of IDR 500,000, around USD 35, for the VoA (payment can be made upon arrival at the airport)

Citizens of countries that are not among those that qualify for the VoA will need to apply for an e-visa (B211A) before their trip to Indonesia. If this is your situation, the GNEJ Technical Secretariat and its Presidency will get in touch to provide you with more information and request the necessary documents for the process, which must be completed in advance of your trip.

v. Health Protocol

Upon arrival in Indonesia, foreign citizens will be required to undergo a covid-19 symptom check. If they have symptoms or their body temperature is above 37.5 degrees Celsius, they will need to undergo a PCR test. In these cases, visitors will have to cover the cost of the test and, if the result is positive, quarantine in designated hotels.

In addition to the health insurance that is required to enter Indonesia, all participants must be fully vaccinated against covid-19 (at least two doses). This will be accredited by means of a vaccination certificate in English or in the language of the country of origin with an English translation (physical or digital). The last dose must have been applied at least 14 days before travel. For fully vaccinated individuals, it is not necessary to present a negative PCR test.

From August 28, 2021, the use of the PeduliLindungi smartphone app, which allows access to an electronic vaccination certificate, is mandatory in Indonesia. Foreign citizens should immediately verify their vaccination certificate using PeduliLindungi, so we suggest downloading and installing it beforehand. The certificate allows entry to public establishments that request it (shopping centers, cafes, restaurants, etc.). The following video contains helpful instructions for downloading and using the app: <https://www.youtube.com/watch?v=X-2SCkxcsZA>.
